

# 140

## RECEIVER HITCH

### Toyota Prius

### 2010 & Up

INSTALLATION INSTRUCTIONS

**Do Not** use with a Weight Distribution Hitch.

1. **Check** all parts. **Read and understand** instructions completely before beginning installation.

Parts List:

1) **Center Section**

2) **Hangers**

4) 12mm - 1.25 x 40 mm **Hex Bolts**

4) 12mm **Lock Washers**

4) 1/2" **HD Flat Washers**

4) 14mm - 2.00 x 40mm **Hex Bolts**

4) 14mm **Lock Washers**

4) 14mm - 2.00 **Hex Nuts**

2. **To** give yourself more room, remove the rubber exhaust hanger from the hanger pin just to the rear of the muffler. If you want to make more room there is a hanger just forward of the muffler. You can slip the rubber from that pin also. Lower the muffler slowly. (To slip the rubber hangers off the pins, use a little lube.)

3. **There** are two bolts holding the exhaust hanger brackets in place. Remove them.
4. **On** the driver side there is a tie down bracket protruding through the fascia. Remove the two bolts from the frame rail, accessed through the hole in the fascia. Return the tie down and bolts to the owner.
